Construction

Advanced Technical Diploma in Electrical Installation (450)

Campus: Rotherham College
Code: R07SP10
Level: 3

About This Course

The Level 3 Advanced Technical Diploma in Electrical Installation (450) are for learners who are interested in developing the specific technical and professional skill that will lead to meaningful employment in the electrotechnical industry. Learners will explore a wide range of industry areas including principles of electrical science, inspection and testing, and electrical system diagnosis.

This technical qualification focuses on the development of knowledge and practical skills needed for working in the electrotechnical industry, which will prepare you to enter an electrotechnical apprenticeship programme.

What Will I Study?

The qualification will help you gain an understanding of the skills required within the electrotechnical sector. You will cover compulsory aspects such as:

- Working safely and effectively
- Design, construct, test and commission electrical systems
- Methods of supervision
- Electrical science and principles
- Regulations and law
- Diagnose and repair electrical faults

Why Study Here?

Qualified and current Industry experienced Lecturers with up to date knowledge and local industry links.

The College is centrally located within the town centre offering excellent transport links and connectivity.

Entry Requirements

Learners must have achieved the following:

- A recognised level 2 Electrical Installation Technical Qualification
- GCSE Maths grade 4 or higher
- GCSE English grade 4 or higher
