Computing and Digital

T Level Transition: Foundation in Digital

Campus: Rotherham College
Code: R04TP01
Level: 2

About This Course

This programme will provide students with the knowledge, skills and behaviours required to progress on to our T Level pathway, Digital Production, Design and Development.

Students will develop skills for work readiness, access work related activity and gain an insight and core skills which relate directly to the digital sector which include Cyber Security, Artificial Intelligence and Cloud based software.

Students will complete employer set projects that link directly to industry and support each student to meet the national technical outcomes for the Digital sector.

Students will benefit from our links to our Digital employer partners and gain an in depth understanding of the latest technologies and innovation within the sector.
