Construction

Plumbing

Campus: North Notts College - Worksop Campus
Code: W07SP02
Level: 1

About This Course

This course is designed to give a basic introduction
to, and understanding of, plumbing.
You will develop a range of plumbing skills that will offer a sound basis to progressing to further study, apprenticeships or employment in the industry.

What Will I Study?

You will study a range of topics including:

- Understanding different bending techniques
- Complete jointing techniques
- Fit sinks and taps
- Low carbon steel
- Employability and team work
- English and maths (if required)

Why Study Here?

- You will learn in state-of-the-art facilities using industry-standard equipment
- You will be taught by tutors with a wealth of experience in the industry
- You will participate in industry competitions such as Skill Build, World Skills Competitions and inter-college challenges
- We work in close partnership with local businesses such as Willmott Dixon and Kier Group
- You will undertake work experience and meet with key employers in the trade

Entry Requirements

Minimum 2 or 3 GCSE's at grade 3 or above, including Maths or English. Alternatively, if GCSE results are not available or cannot be provided, an initial English/Maths diagnostic test will be required and a strong commitment shown at interview.

How To Apply

You can apply using our online application form and clicking the **Apply** button at the top of this page.
