Certificate in Data protection and Data Security

Certificate in Data protection and Data Security

Campus: Distance Learning
Code: DLAC041
Level: 2

About This Course

Data protection compliance is an essential legal requirement for all organisations. Since the General Data Protection Regulation (GDPR) came into force in May 2018, it is more vital than ever that everyone who works with personal data understands the laws and acts in compliance, as the penalties can be severe

What Will I Study?

Current data protection legislation, and how it is applied

• Organisational procedures concerning data

• Possible threats to ICT systems and data, and how to protect against them

• Consequences of not protecting data, and the impact of possible breaches.

Why Study Here?

• Learn from industry-experienced and well-qualified tutors who have spent many years in the sector and have specialist qualifications and knowledge to bring to their teaching
• Learn from your own home, in your own time
• Achieve a nationally recognised Level 2 qualification
• Access to award winning learning and assessment materials
• Access to a Learner Support Advisor for everyday queries
