ESOL for Warehousing

Campus: Rotherham College

Code: R28AC12

Type: Part Time

This course is designed to prepare Entry 3 ESOL adult learners—primarily referred via Jobcentre Plus—for immediate employment in the UK warehousing and logistics sector.

While many participants bring valuable prior experience in manual labor from their home countries, the curriculum addresses key entry barriers by bridging gaps in formal UK warehouse terminology, workplace English confidence, and essential health and safety or manual handling regulations.

To maximize practical impact, the training utilises visual learning tools, safety awareness, and structured speaking drills tailored to real-world warehouse inductions.

Simultaneously, the program supports learners' job readiness and regulatory compliance by managing Jobcentre requirements, tracking attendance, and offering direct pathways toward local staffing agencies or further entry-level logistics qualifications
