ESOL, Maths, English & Communication Skills

ESOL for Health & Social Care

Campus: Rotherham College
Code: R28AC13
Type: Part Time

This course prepares Entry 3 and above ESOL learners for immediate entry into the UK healthcare sector by building essential Care Certificate vocabulary, infection control awareness, and medical equipment recognition.

Through practical exercises in clinical handoff listening tasks and workplace communication, learners develop the spoken confidence needed to report safety incidents, follow care policies, and proactively ask for clarification on shift.

Additionally, the curriculum covers financial literacy—such as reading PAYE payslips—and UK workplace rights, establishing a direct pathway into agency staffing, entry-level care assistant roles, or accredited healthcare training.

About This Course

By completing this course, learners will master key Care Certificate vocabulary, medical equipment recognition, and clinical handoff communication needed to deliver safe, compliant care in UK healthcare settings.

Participants will develop critical workplace behaviours—such as reporting safety incidents, following infection control rules, and clarifying clinical instructions—while gaining a practical understanding of PAYE payslips and UK employment rights.

Ultimately, the program equips learners to communicate with confidence and progress directly into care assistant roles, agency staffing, or accredited healthcare training.
